ABOUT ME:

I'm a Learning Specialist who blends **learning, technology, and data** to create meaningful experiences. I specialize in LMS management, compliance programs, and analytics-driven insights.

I enjoy simplifying complex data through dashboards, optimizing learning processes, and continuously exploring new tools to make learning more efficient and engaging.

PROFESSIONAL EXPERIENCE:

7+ years of experience in managing end to end learning operations, compliance training programs, eLearning and LMS administration across global teams. Skilled in driving training completion and operational efficiency through stakeholder collaboration, reporting, and analytics-driven strategies.

Hands-on experience with Cornerstone LMS, Power BI, Excel, SharePoint, and Articulate 360, including dashboard development, curriculum management, SCORM uploads, reporting, and learner communications. Strong understanding of adult learning principles and continuous process improvement.

WHAT I BRING:

Learning Strategy: Designing outcome-driven learning journeys by collaborating with SMEs, aligning KPIs to business goals, and developing engaging WBTs, ILTs, vILTs, and digital learning content.

LMS Operations: Managing enterprise Cornerstone LMS operations including governance, reporting, compliance tracking, SCORM administration, and global learner support.

Analytics: Building Power BI dashboards and reporting solutions to monitor compliance, identify learning gaps, and transform training data into actionable insights.

Automation: Streamlining learning operations through process automation, AI-assisted workflows, ServiceNow support, and scalable training administration practices.

EXPERIENCE TIMELINE:

Magnit Global (US) – Bangalore

Learning Specialist | 7th July 2025 – Present (Contract)

1. LMS Administrator

- Administer enterprise Cornerstone OnDemand LMS supporting global workforce learning.
- Assign compliance and role-based training ensuring audit readiness and completion tracking.
- Owned platform governance standards, including publishing conventions, naming/version control practices, archiving, and quality checks to support a consistent learner experience.
- Managed the content uploads (SCORM, AICC) in LMS and Supported learning platform access needs and resolve account, login, and permission issues.
- Act as Level 2 support via ServiceNow; supported SNOW implementation and standardized support workflows.

2. Reporting, Analytics, and Audit-Ready Outputs

- Built training reports and decks that support findings, gaps and also helps for audit readiness.
- Built reports and dashboards for compliance performance and other training programs, also tracked their key metrics including enrolments, past dues and completion rates.
- Built a Power BI dashboard by implementing ETL logic in Power Query, wrote DAX from scratch, and delivered faster load times at scale that got featured company-wide for improving cross-team visibility.

3. Instructional Design & Delivery (ADDIE)

CV

- Designed eLearning courses using Articulate 360 (scenario-based learning, knowledge checks, and assessments).
- Utilize prompt engineering with AI tools to conduct research, generating clear, targeted outputs that align with specific objectives and contexts.
- Coordinate with stakeholders to identify skill gaps, map KPIs to deliverables, and design engaging digital content using Articulate 360, Adobe Captivate, and Camtasia.
- Act as a liaison between stakeholders and technical teams to align learning deliverables with organizational systems, enhancing platform usability.
- Coordinating with Subject Matter Experts to obtain information required to design learner-centred solutions such as WBTs, ILTs, vLTs, and job-aids, etc.

4. Compliance Program

- Led end-to-end launch of compliance programs- from kick-off calls, defining target audience, and launch timelines to content development (NAVEX, KnowBe4), pilot testing in Cornerstone, and stakeholder/legal approvals. Also Created and managed target audience lists for training assignments, ensuring accurate learner mapping and enrolment.
